

# MICHELIN RETREAD PLANT TOUR

PRESENTED BY MICHELIN & T&W Tire

## WHY RETREAD

- Retread tires play a vital role in helping fleet operations cut costs while promoting sustainability. More companies across the United States are choosing retreads for several compelling reasons:
  - **Lower Costs:** Up to 50% less expensive than new tires.
  - **Eco-Friendly:** Cuts waste and conserves energy.
  - **Safe & Reliable:** Advanced methods from brands like Michelin and Oliver meet high safety standards.
